Email address:		

All children develop at different rates and in different ways. Please do not worry if your child is not doing all or any of the activities mentioned in the questionnaire. It is not a test. The activities are simply one way of understanding how your child is progressing.

Possible answers:

Yes =	your child does this activity (or has done it and has now progressed, e.g., crawling, but is now walking)
Sometimes =	your child is just beginning to do this activity (but does not do it regularly)
Not Yet =	your child has not yet started doing this

Please leave **blank** any activities your child has not been able to try with you.

Ages & Stages Questionnaires®, Third Edition (ASQ-3™), Squires & Bricker © 2009-2015 Paul H. Brookes Publishing Co. All rights reserved. Adaptation into British English prepared with the Department of Health.

On the following pages are questions about activities children may do. Your child may have already done some of the activities described here, and there may be some your child has not begun doing yet. For each item, please fill in the circle that indicates whether your child is doing the activity regularly (yes), sometimes, or not yet.

Imp	portant Points to Remember:	Notes:
Ø	Try each activity with your child before marking a response.	
1	Make completing this questionnaire a game that is fun for you and your child. Make sure your child is not tired or hungry.	
Ø	Please bring this questionnaire with you to your child's health and development review.	

YES

SOMETIMES

NOT YET

COMMUNICATION

- Does your child name at least three items from a common category? For example, if you say to your child, "Tell me some things that you can eat," does your child answer with something like "biscuits, eggs, and cereal"? Or if you say, "Tell me the names of some animals," does your child answer with something like "cow, dog, and elephant"?
- 2. Does your child answer the following questions? (*Mark "sometimes" if your child answers only one question.*)

"What do you do when you are hungry?" (*Acceptable answers include "get food," "eat," "ask for something to eat," and "have a snack."*) Please write your child's response:

"What do you do when you are tired?" (*Acceptable answers include "take a nap," "rest," "go to sleep," "go to bed," "lie down," and "sit down."*) Please write your child's response:

- 3. Does your child tell you at least two things about common objects? For example, if you say to your child, "Tell me about your ball," does she say something like, "It's round. I throw it. It's big"?
- 4. Does your child use endings of words, such as "-s," "-ed," and "-ing"? For example, does your child say things like, "I see two cats," "I am playing," or "I kicked the ball"?

ASQ3

COMMUNICATION (continued)

- 5. Without giving help by pointing or repeating, does your child follow three directions that are *unrelated* to one another? Give all three directions before your child starts. For example, you may ask your child, "Clap your hands, walk to the door, and sit down," or "Give me the pen, open the book, and stand up."
- 6. Does your child use all of the words in a sentence (for example, "a," "the," "am," "is," and "are") to make complete sentences, such as "I am going to the park," or "Is there a toy to play with?" or "Are you coming, too?"

GROSS MOTOR

- 1. Does your child catch a large ball with both hands? (You should stand about 5 feet away and give your child two or three tries before you mark the answer.)
- 2. Does your child climb the rungs of a ladder of a playground slide and slide down without help?
- 3. While standing, does your child throw a ball *overarm* in the direction of a person standing at least 6 feet away? To throw overarm, your child must raise his arm to shoulder height and throw the ball forward. (*Dropping the ball or throwing the ball underarm should be scored as "not yet.*")
- 4. Does your child hop up and down on either the right or left foot at least one time without losing her balance or falling over?
- 5. Does your child jump forward a distance of 20 inches from a standing position, starting with his feet together?
- 6. Without holding onto anything, does your child stand on one foot for at least 5 seconds without losing her balance and putting her foot down? (You may give your child two or three tries before you mark the answer.)

FINE MOTOR

1. Does your child put together a five- to seven-piece interlocking puzzle? (*If* one is not available, take a full-page picture from a magazine or catalogue and cut it into six pieces. Does your child put it back together correctly?)
