

Subject: Welcome to WinMed Health!

I hope this letter finds you well.

My name is Dr. Niral Patel, and I am the Medical Director of WinMed Health. Your current insurance company has informed us that you have been assigned to our medical practice as your primary care physicians and providers.

We understand that choosing a primary care doctor is an important decision. That's why we are committed to providing you with the best possible care. We want you to feel comfortable with your doctor and your care team, and we want you to be confident that you are getting the best possible care.

As your PCP, we will be your first point of contact for all of your health care needs. We will provide you with preventive care, such as screenings for cancer and other diseases, and we will manage your chronic conditions, such as diabetes, high blood pressure, and asthma. We will also refer you to specialists if you need additional care.

**WinMed Health** is a top-rated primary care practice that offers high-quality, affordable care. We have three convenient locations, extended hours, and weekend hours to make it easy for you to see a provider when you need one. Our team of multilingual providers speaks Spanish, English, Gujarati, Hindi, Urdu, and Arabic.

We understand that continuity of care is very important, which is why **we are in-network with most major insurance plans**. This means you can build a relationship with your providers and trust them to make the best decisions for your health. You won't have to start over with a new doctor or have to change medical practices every time you change your insurance.

We would like to schedule an appointment with you to get to know you and your health needs. Please **text us at 407-250-9975** to schedule an appointment.

We are committed to providing you with the best possible care. We look forward to meeting you and helping you stay healthy.

Sincerely,

Dr. Niral Patel and your Care Team at WinMed Health
