

Opening Facts

01

We have the same electronic medical record, but you will need to download a new link to our portal...same app! And, we have your medical information, but it's not complete. Sorry! We will need for you to download new patient information off the website and bring it in. LAST TIME! We will send you an email about this next week!

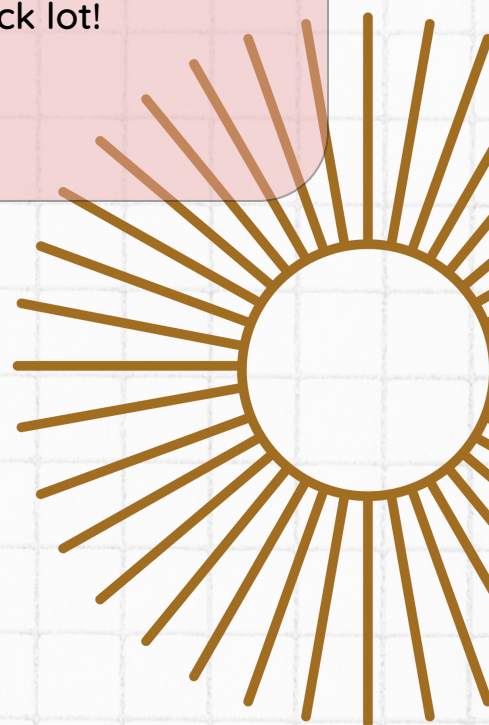

02

We are in negotiations to build a new parking lot. But, it's been a process. Thankfully, the church across the street has agreed to provide overflow parking in the front and back lot!

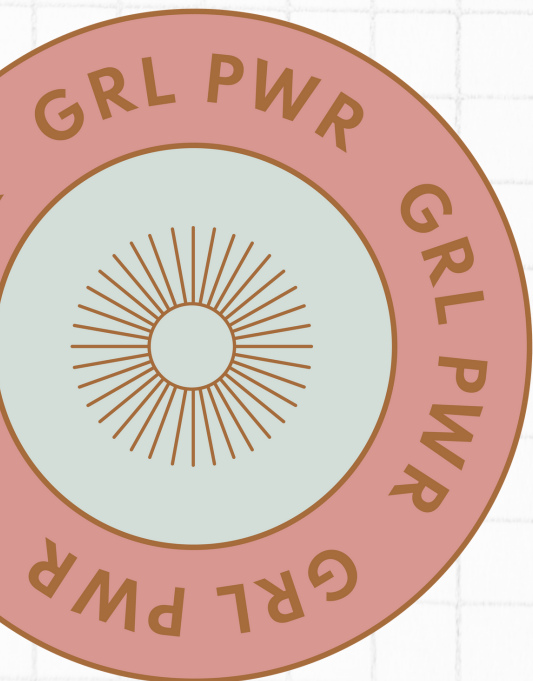

03

We will be efficient. But, we have been running a full time practice while building a new one! Things will be amazing, and we are committed to that. But, we are learning new systems to make things better for all of us. So please give us a tad bit of grace in the beginning!

04

We will honor your preexisting appointments and insurance. And, we will take new patients for complete care or just problem visits! New spots will open as we get in a rhythm. Due to government rules, annual exams structures have changed. Please see our policy. They are important!! But we also want to see you separately if you have a concern, giving that concern the time it deserves.
